

CHAPTER IV: DISTRICT INVENTORY MAP OF RURAL ROAD NETWORK

4.1 Existing Transport Situation

Baglung district has no air transport service to complement the surface transport facilities. Surface transport facilities through Pushplal Raj Marg (Midhill), Kaligandaki Bridge-Baglung Road, Baglung-Myagdi District Border Road, Darling (District Border)-Dhara (MH Junction)-Dhorpatan (Uttar Gnga R) Road district road and village roads are notably increasing in the district. The length of Strategic Road Network that in Baglung district is summarized below:

Table 4.1: List of National Highway/Feeder Roads

SN	Highway/Feeder road	Total length (KM)
1	Pushplal Raj Marg (Midhill)	149.0
2	Kaligandaki Bridge-Baglung Road	4.17
3	Baglung-Myagdi District Border Road	7.42
4	Darling (District Border)-Dhara (MH Junction)-Dhorpatan (Uttar Gnga R) Road	52.0

4.3 Briefs on District Roads “A”

Study and analysis shows that Baglung district has 15 district roads. Most of the district roads have earthen surface restricting their operations in only fair weather. Moreover, construction quality of the road is poor and has to be upgraded to all weather roads to increase accessibility of the people and improve overall transport situation of the district. Different roads need different type of interventions as given in summary table above. The briefs on individual district roads are given below:

Baglung-Kusmisera Road (45A001R): This road is very important road for the development of Baglung District. It starts from Maldhunga of Baglung Municipality, ward No.1, Pokhara-Baglung blacktop road and end at Kusmisera bazar of Kusmisera VDC. It cross RCC bridge over the Kathe khola and then passes through the settlement area Galuwa, Baleba, Arma village, Sarange chowk and finally reach to Kusmisera bazar. It links the Baglung Municipality, Bhakunda, Paiyunpata, Amlachaur and Kusmisera VDCs. The total length of this road is 21 km out of 4 Km length is graveled and remaining 17 Km is earthen. Throughout the road is major interventions requires are grade correction, leveling of the road, maintaining suitable longitudinal and cross drainage structures. It needs periodic maintenance.

Kusmisera-Namduk-Bareng-Hugdikhola-Nayabazar-Salyan-Sukhura Road (45A002R): This road is starts from Kusmisera bazar of Kusmisera VDC from Baglung Kusmisera road and end at Namdhuk of Rankhani VDC Ward No.3.It passes through Kusmisera, Damek, Paiyunthap, Rangkhani, Dhullubaskot, Hugdisheer, Batakachaur, Salyan and Sukhura VDCs . Total length of this road is 50.7 km out of which 26.58km earthen and remaining 24.12 km is newconstruction to join Sukhura. Throughout the road is major interventions requires are Need to construct Bridge, grade correction, leveling of the road, maintaining suitable longitudinal and cross drainage structures. It needs periodic maintenance.

Burtibang-Khunga-Bongadobhan-Taman-Sole Road (45A003R): This road is starts from Burtbang buspark of Burtibang VDC and end at Sole of Taman VDC.It passes in Burtibang, Khunga, Bongadobhan & Taman VDCs. Total length of this road is 25 km out which 15 km is earthen and remaining about 10 Km to new construction for join Sole. Throughout the road are major interventions requiring are needed to construct bridge grade correction, leveling of the road, maintaining suitable longitudinal and cross drainage structures. It needs periodic maintenance.This road is very important road for the development of Baglung District.

Baglung-Okhaldhunga-Sigana VDC office-Lamachaur-Kota-Chapakharka-Gaja Daha-Baghkate-Bareng Road (45A004R): This road starts from Baglung Municipality and end at Barang. It passes through Okhaldhunga, Sigana VDC, Lamachaur, Kota, Chapakharka, Gaja KO Daha and Baghkate. This links the Baglung Municipality, Singana, Resh, Damek, Hugdisheer and Dhulubaskot.The total length of this road is 26.89 km which is Earthen. Throughout the road is major interventions requires are need to construct bridge, grade correction, leveling of the road, maintaining suitable longitudinal and cross drainage structures. It needs periodic maintenance. Total length of this road is 26.89 km.

Kusmisera-Sarkuwa-Binamare-Arjewa-Jaidi-Chisti-Purtighat, Gulmi Road (45A005R): It starts from Kusmisera bazar of Kusmisera VDC ward No.-5 and end Purtighat of Gulmi district. It passes through Maulachha of Sarkuwa VDC ward No.-9 and Dihi of Binamera VDC Ward No.-5, 4 and Haripath, Okhlachaur of Arjewa VDC. It lies in Kusmisera, Sarkuwa, Binamare, Argewa, Jaidi, Chisti VDCs. Total length of this road is 26.83 km out of which 14.91 km earthen and remaining about 11.92 km is new construction to join Purtighat of Gulmi. Throughout the road is major interventions

requires are need to construct bridge in Tinkhola about 60 m span, grade correction, leveling of the road, maintaining suitable longitudinal and cross drainage structures. It needs periodic maintenance.

Baglung, Adalatchaupari – Kathekhola – Simalpata – Tityang – Bhakunda – Rayadanda - Aaphre-Kalapatal, Damek-Baghkhor, Namduk Road (45A006R): This road starts from Adalatchaupari of Baglung Municipality and end at Namduk. It passes through Kathekhola RCC Bridge, Simalpata, Aaphre, Kalapatal, and Baghkhor. It lays in Tityang, Bhakunda, Rayadanda, Damek VDCs. The total length of this road is 39.35 km and existing distance of road is 30.11 Km which is earthen and rest of 9.24 Km is new construction to extend the road unto Namduk. Throughout the road is major interventions requires are grade correction, leveling of the road, maintaining suitable longitudinal and cross drainage structures. It needs periodic maintenance.

Burtibang-Adhikarichaur-Bobang-Dhorpatan Road (45A007R): This road is starts from Burtibang buspark of Burtibang VDC and end at Bobang VDC. It passes through Ping Khola, Budathok chowk, Sahikhola of Adhikarichaur VDC and Dogari of Bobang VDC. Total length of this road is 30 km out of which 26 km is existing of earthen and remaining 4 km is new construction to join Dhorpatan. Throughout the road are major interventions requiring are needed to construct bridge, grade correction, leveling of the road, maintaining suitable longitudinal and cross drainage structures. It needs periodic maintenance. This road is very important road for the development of Baglung District.

Rijalchowk-Amarbhumi-Argal-Tara, Saboat Road (45A008R): This road starts from Baglung-Burtibang road of Rijalchowk and end at Saboat. It passes through Bihunkot, Argal; Amarbhumi & Tara VDCs. Total length of this road is 26.54 km which is Earthen. Throughout the road is major interventions requires are grade correction, leveling of the road, maintaining suitable longitudinal and cross drainage structures. It needs periodic maintenance.

Achhete-Dudiya-Thulogaun-Dhara-Dhamja Deurali-Mehale Road (45A009R): This road starts from Baglung Burtibang road of Achhete and end at Mehala. It passes through Dudiya, Thulogaun, Dhara, Dhamja Deurali settlement. It connect Bihunkot, Bhimpokhara, Tangram and Dhamja VDCs. Total length of this road is 13.77 km which is Earthen. Throughout the road is major interventions requires are Need to grade correction, leveling of the road, maintaining suitable longitudinal and cross drainage structures. It needs periodic maintenance.

Dandakhet (Hatiya VDC)-Salyan-Sukhura-Shantipur, Gulmi Road (45A010R): This road is starts from Dandakhet of Hatiya VDC and end Shantipur of Gulmi district. It passes thought Hatiya, Salyan and Sukhura VDCs of Baglung district. Total length of this road is 23.5 km out of which 11.65 Km is existing of earthen and remaining is new construction to join Shantipur of Gulmi. Throughout the road is major interventions requires are need to grade correction, leveling of the road, maintaining suitable longitudinal and cross drainage structures. It needs periodic maintenance.

Baglung Paryatakiya Chakrapath Road (45A011R): This is a ring road of Baglung Municipality. It passes through Baglung-10, Fedi, Malika, Panchase, Karikot, Gaudakot, Titaure, Multhana, Okhale, Bheelikhalta, Gotikhelna, Rangkathe, Chsiwali, Phapherkhet, Bihuodare, Karlim, Lekhani, Kades, Resha, Godada, Baudechaur, Bhujakate, Phalata, Bhairabsthan, Mulabari, Paiyupata, Narayansthan, Airport, Maldhunga, and Baglung Municipality. The total length of road is Earthen and Blacktop. Throughout the road is major interventions requires are construct bridge, grade correction, leveling of the road, maintaining suitable longitudinal and cross drainage structures. It

needs periodic maintenance. Total length of this road is 60 km and existing distance of road is upto 35 Km which is earthen and remaining about 25 Km is for new construction to complete the alignment of Ring Road. This road overlaps the corridor road about 8km from airport point to Maldhunga. This road is very important road for the development of Baglung district and also for the tourism point of view.

Hatiya bazar-Harichaur bazar-Hilla-Tara-Mayagdi, Ruma Road (45A012R): This road starts from Baglung Burtibang road of Hataya bazaar and end at Ruma of Myagdi district. It passes through Galkot, Darma khola & Hill Bus Park. It Passes through Hatiya, Harichaur, Hill & Tara VDCs. The total length of road is 30.88 Km out of which 26.34km is Earthen and remaining 4.54 Km is new construction extend the road upto Myagdi district. Throughout the road is major interventions requires are Need to construct Bridge in Darma khola, grade correction, leveling of the road, maintaining suitable longitudinal and cross drainage structures. It needs periodic maintenance

Bhimgithe-Darling-Thulabesi-Pyuthan Road (45A013R): This road starts from Bhimgithe of Baglung-Burtibang Road and end at Pyuthan district. It passes through Darling and Thulobesi VDCs. The total length of road 35 km out of which is 5 Km is Earthen and remaining 30 km new construction. Throughout the road is major interventions requires are need to construct bridge, grade correction, leveling of the road, maintaining suitable longitudinal and cross drainage structures. It needs periodic maintenance. Total length of this road is 35 km and existing distance of road is upto 5 Km and rest of 30 Km is underconstruction to extend the road upto Pyuthan district.

Baglung,Ratamata-Kavre-Dhimi-Karina-Pala-Bhimpokhara Road (45A014R): This road is Start from Ratamata of Baglung Municipality and end at Bhimpokhara. It Passes through Baglung Municipality, Pala, Bhimpokhara and Dhamja, Amarbhuri VDCs. Total length of this road is 31.26 km which road is Earthen. Throughout the road is major interventions requires are grade correction, leveling of the road, maintaining suitable longitudinal and cross drainage structures. It needs periodic maintenance.

Bhaise,Malma-Pandavkhani-Ramuwa-Rangsingkiteni-Bhimgithe Road (45A001R): This road is starts from Baglung-Burtibang road at Bhaise of Malma VDC and end at Bhimgithe of Baglung-Burtibang road. It passes through Pipalchautari, Matrola, Neta of Malma VDC & Furse, Banpani, Ramuwa of Pandavkhani VDC. It Passes through Malma, Pandevkhani, Ransingkateni and Bhimgithe VDCs. Total length of this road is 52 km out of which 30.24 km is earthen and remaining about 21.76 km road is new construction to join Bhimgithe VDC. Throughout the road is major interventions requires are need to construct bridge in Gau khola about 30 m span, grade correction, leveling of the road, maintaining suitable longitudinal and cross drainage structures. It needs periodic maintenance.

Rijalchowk-Amarbhumi-Argal-Tara, Saboat Road (45A001R): Total length of this road is 26.54 km. This road starts from Baglung-Burtibang road of Rijalchowk and end at Saboat. It lies in Bihukot, Argal, Amarbhumi & Tara VDCs. The total length of road is Earthen. Throughout the road is major interventions requires are grade correction, leveling of the road, maintaining suitable longitudinal and cross drainage structures. It needs periodic maintenance
